1. The only military personnel in Warnemünde are those at the Komendatura, about fifty strong. There are also about thirty to forty naval officers quartered in the Intourist Hotel, who have been there since the beginning of April 1948.
2. There are two cruisers stationed in Warnemünde. They come into harbor for five days every four weeks. In the harbor on 16 April 1948 were six motor ships of German construction, estimated to displace 8,000 to 10,000 tons each, loaded with goods from Warnemünde. Since 1 April 1948 foreign ships have not been allowed to stay in harbor after dusk. Crews are forbidden to go ashore, and officers only are allowed to go to the Intourist Hotel.
3. All remaining installations between the Geschützabunker and the MG bunker have been blown up by the Russians. There are at present no projects for new construction of defenses and no troop training has been observed by people in the locality.
